Here's a screenshot of my dock. There aren't any half-complete files in my Download folder, Google Chrome isn't awaiting any action to accept or discard an upcoming download nor am I copying anything into that folder.. There were earlier fixes to the look of the download progress UI on the dock in Bug 1386046, but this look seems like backwards progress from what it looked like after FF 67.. Boot into Recovery by restarting your Mac and holding the 'Command-R' buttons until you see the Apple logo and progress bar.. Install Office 2016 on a Mac Once the download has completed, open Finder Wait 10 seconds and then try double-clicking the installer package again.
