Read Aloud Microsoft Word For Mac 2011

Several programs in Microsoft Office 2013 have built-in text-to-speech functionality designed to read the contents of your documents aloud.. This feature is called Read Aloud – is a new, improved version of Speak available in the most recent Word 2016 releases (as usual, Office 365 subscribers only).

- 1. read aloud microsoft word
- 2. read aloud microsoft word not working
- 3. read aloud microsoft word not working mac

Office for Mac has a Read/Speak option Rather, the macOS has a speech feature which can be used in Office.
